DRESS REHEARSAL TONIGHT

The cast of characters in the Operetta "Sylvia" will have their dress rehearsal tonight in preparation for the production tomorrow evening. This will perhaps be the last rehearsal. The pupils have made wonderful improvement during the last few days and indications are very favorable for an excellent entertainment.

The Enid and Waurika train was about three hours late Monday. The engine refused to stick to the track and it took some time before the track could be put in shape and the engine put back on the track. No one was hurt. The cause was soft track.

David Ray transacted business in Apache, Tuesday.

Mrs. P. J. Miller received a message of the death of her father, Samuel Ashlock, who died Tuesday morning near Olathe, Kansas. Mrs. Miller left on the Tuesday morning train to attend the funeral. It was just five weeks since she attended the funeral of a sister.

The following officers were elected: Mrs. Cox, president, Mrs. Stephenson, vice president, Mrs. Morgan, secretary and Mrs. Leonard treasurer. There was a good attendance and the members were greatly enthusiastic over the work of the past year and a better work another year.

County Superintendent Mrs. Daniels Wamsley accompanied Kenneth Ward and Goldia Parsons to Oklahoma City to attend the State Superintendent Association where the state spelling contest will take place. Caddo County has two candidates. Kenneth Ward from the Anadarko school, won first prize in the County contest, and from the way he spelled, getting one hundred per cent, there seems no doubt that Caddo County will get the prize. Goldia Parsons, of Hydro, won second prize at the county contest.

WASHINGTON NEWS LETTER

From the Bureau of Publicity, National Rivers and Harbors Congress.

Washington, D.C. May (Special) The sub-committee of the Senate Committee on Commerce, which has given serious consideration to the River and Harbor appropriation bill since the Senate received it on March 28 last, had hoped to report the bill to the full committee on Wednesday, but there were so many Senators desiring to be heard on projects under way and to be inaugurated, that it is impossible to predict when the committee on Commerce will have the results of the work of the sub-committee. It is stated that a number of surveys will be ordered over and above those carried in the House bill, while several projects now under way will be placed in the "continuing contract" class, to the end that their completion may be brought about as early as possible.

If history repeats itself, and there is no reason to doubt that it will, the river and harbor bill, as it will be reported to the Senate, will exceed the House bill by four or five millions, and it may go higher, as a number of additional projects have been agreed upon due to information that was not at hand when the bill was under consideration by the Rivers and Harbors Committee of the House.
